## TECUMSEH FERRY. KANSAS RIVER!

Nearest and best route from Fort  
Leavenworth to Council Grove.  
THIS new Ferry is now open and ready to  
cross teams, passengers and freight at any  
hour. The Ferry Boat is a large one, entirely  
new, and built for this Ferry. The landing on  
both sides are excellent at all stages of water,  
and for swimming cattle across, it is the best and  
safest place on the river.

Emigrants and traders passing on the route  
between Fort Leavenworth and Council Grove,  
will find this the shortest and easiest road, -  
Tecumseh being on a direct air line from Fort  
Leavenworth to Council Grove.  
It is nine miles from the Ferry to the inter-  
section of the Great Military Road on the North  
side of the River. Teams leave the Military  
Road at Rock Creek crossing, and thence cross  
the old Parkville road near the old Parkville  
crossing of Muddy Creek. Distance from Rock  
Creek crossing to Muddy Creek crossing, seven  
miles; thence to the Ferry two miles. Tecumseh  
is on the main thoroughfare from Westport to  
California. Total distance from Leavenworth  
to Tecumseh 50 miles; thence to Council Grove  
65 miles.

Good grazing for cattle and horses near either  
landing place, free of expense.

## DELAWARE.

THE Town of Delaware is located on the  
south bank of the Missouri River, ten miles  
below Leavenworth, in Kansas Territory. This  
town is laid off on a beautiful bluff, gradually  
ascending, and commands a fine view of the  
river above and below for fourteen miles in ex-  
tent, with a permanent landing for steamers,  
reaching one mile; equal to that at St. Louis.  
Situated on the shortest and most direct route  
for emigrants up the great Kansas Valley, near-  
ly ten miles to Fort Riley, than any other town  
on the Missouri River—within three miles  
of the Delaware lands, it must command, to a  
considerable extent, not only the trade of the  
Delaware nation, but also of the rich and fer-  
tile valley of Kansas. This town is sustained  
by a back country acknowledged to be the very  
best in the Territory.

**Ferry**—There is at the center of the town  
situated a ferry, equal to any on the Missouri river.  
**Timber**—There is an abundant supply of  
timber, of all the varieties common to the coun-  
try on the Kansas side; while opposite, in Mis-  
souri, stands out an extensive and rich bottom,  
densely covered with the largest timber produc-  
tive and teeming with population.

**Water**—There are several springs of ex-  
cellent water, within the town limits, while 24  
miles south, in the midst of a beautiful country  
there is gushing up in rich profusion, a spring of  
mineral water, offering at no distant day, a re-  
sult to those in search of pleasure, and the in-  
valid. Delaware was laid out in February last,  
since which time a number of buildings have  
been erected and now in the course of erection.  
Arrangements have been made, for the establish-  
ment of an Academy and the erection of an Ho-  
tel and Steam Saw Mill, which will go into op-  
eration in a short time.

The company are determined to build up a  
town. Those wishing to purchase shares or lots  
can apply to the Trustees, Platte city, Mo., P. S.  
Able, Weston, or L. F. Hollingsworth, Del-  
aware, K. T. Persons who buy lots will be re-  
quired to pay one third down, the balance to  
be paid when a complete title is made.

To Mechanics and others who may wish to ob-  
tain lots for actual settlement, we will offer  
greater inducements than have been offered by  
any town in the Territory. Those acquainted  
with the location of our town, know its ad-  
vantages, to those who do not we say, come see and  
judge for yourselves.
